SUMMARY

Fourth-year Information and Communication Engineering student at the Institute of Technology of Cambodia with hands-on experience in full-stack web development through academic and personal projects. Skilled in building web applications, developing RESTful APIs, and working with SQL databases. Seeking an internship opportunity to apply technical skills and contribute to real-world software development projects.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, Vue.js
Backend: NestJS, Spring Boot, RESTful APIs
Databases & Cloud: MySQL, PostgreSQL, Supabase (Database & Auth)
Tools & Technologies: Docker, Git, VS Code, Apidog, Postman
Spoken Languages: Khmer (Native), English

PROJECTS

LocalCam E-Commerce Platform | Vue.js, Supabase

- Developed frontend features for a local e-commerce platform using Vue.js
- Built responsive UI for product browsing and user interaction flows
- Integrated Supabase for authentication and database services
- Implemented dynamic data rendering and improved user experience

Research Conference and Session Management System | Spring Boot

- Contributed to a full-stack conference management system
- Built session management (CRUD), scheduling, and admin dashboard features
- Implemented role-based features including chair assignment and validation rules
- Developed backend services and Thymeleaf frontend pages
- Worked in a team using Git, pull requests, and merge conflict resolution

Khmer Digital Reading Community | Vue.js, NestJS

- Contributed as a full-stack developer in a book exchange platform
- Built frontend (Vue.js) and backend (NestJS) features for books, exchanges, and chat
- Implemented community features including comments, likes, and reviews
- Improved APIs with pagination, sorting, and database updates
- Collaborated using Git workflow, pull requests, and production merges

EDUCATION

Bachelor of Engineering in Information and Communication Engineering

Institute of Technology of Cambodia | 2022 – Present (Expected Graduation: 2027)

WORK EXPERIENCE

Graphic Designer | Chrong Baitong Restaurant | 2025–2026

- Designed promotional materials including posters, menus, and dashboards
- Managed multiple design tasks under tight deadlines

Restaurant Service Staff | Chrong Baitong Restaurant | 2025–2026

- Handled customer transactions and POS payment processing
- Supported team coordination during peak hours
